

**VILLAGE OF NORTH LEWISBURG, OHIO**  
**ORDINANCE 285(A)**

An Ordinance authorizing and declaring an emergency to replace the currently failing culvert system at our Wastewater Treatment Plant.

**WHEREAS**, the Mayor has advised the Council that the Villages Wastewater Culvert crossing is failing. The Village has been advised by The Champaign County Engineer and its Wastewater Engineer Allen Fahti not to load the culvert crossing.

**WHEREAS**, the Mayor has recommended that the Council authorize and approve repair and/or replacement of the culvert system and its applicable engineering and permitting.

**NOW THEREFORE, BE IT ORDAINED** by the Council of the Village of North Lewisburg, State of Ohio that:

**Section 1.** The Mayor is hereby **authorized** to enter into an agreement to execute The necessary paperwork to execute the culvert repair or replacement.

**Section 2.** The Mayor is hereby **authorized** to execute the payment of the bridge or culvert replacement.

**Section 3.** This Ordinance is determined to be an emergency measure necessary for the immediate preservation of public peace, health, safety, and welfare of the inhabitants of the Village. This bridge culvert system is an important part of the Wastewater Treatment process. The Village, by operating without it, is a detriment to the Health of The Community and The Environment, namely Spain's Creek. This Culvert is required for sludge and other system processing. The Village Council of North Lewisburg hereby directs The Mayor to enter an emergency contract for work to be done or for the purchase of supplies, materials, and labor for the purchase and installation of a Wastewater Bridge and Culvert removal without formal bidding and advertising.

This Ordinance shall become effective upon its passage by Village Council and approval by the Mayor.

Passed 5-0, JANUARY 9, 2024, ~~September 12, 2023~~

Ted Murphy Jr.  
Ted Murphy Jr., Mayor
